

Hi Tom

You won't regret entrusting Rustbuster with your M3. Ian's a top bloke, a petrolhead and knows his stuff. And the products he uses are the best available. Which reminds me - I must get my 500 SEC over to him soon.

Please send pics of your M3 so I can put it in Readers' Cars. Ian - maybe you could take some while it's with you?

Please send 205 pics too.

All the best
